Let the Counties Decide! Legislative Action Alert

Immediate Action is needed!!

AB 969 will soon face its final legislative hurdle before reaching the governor's desk.
We have ONE MORE chance to stop it in its tracks.

AB 969 will ban hand counting in California for any contest with more than 1,000 voters. If passed,

- ALL counties in California will be legally **required** to use electronic voting systems.
- Growing evidence suggests electronic voting systems are very vulnerable to outside interference **without the knowledge of the county officials.**
- [Get more information HERE.](#)
- See below for simple instructions on how to write your State Senator ASAP to demand a NO VOTE on AB 969.

AB 969 was drafted in reaction to Shasta County's decision to terminate their contract with Dominion and then switch to paper ballots and hand counting.

It will stop Shasta and any other counties from performing a full hand count of votes. Read the current text of [AB 969](#).

AB 969 will have its final hearing on the Senate floor as early as this week.

**The most effective way you can fight this now
is to send an email to your state senator and
respectfully demand a NO VOTE on AB 969.**
