

## The EYES Have It

It seems that elections keep coming faster and faster these days. We barely wrap up one and it's time for the next. Each one feels like "the most important election of our lifetime" and anything that important deserves much attention and vigorous citizen oversight. Fortunately, there is Election Integrity Project<sup>®</sup> *California* (EIPCa) to lead the way.

The EIPCa Elections Observation Program is thriving, thanks to the thousands of concerned citizens throughout the state who have worked with us in the past and those who are returning or joining us for the first time for the November election cycle.

The work we do together is vital, and incredibly necessary. It requires patience, persistence, faith and a willingness to accept delayed gratification. Fixing the California electoral mess will not happen overnight, but one thing our volunteers have in common is their tenacity—we don't give up in providing oversight to the election process!

Training for the Fall election is about to begin. Californians need to provide as many ever-vigilant **EYES** and **EARS** as possible if we are to Keep the Republic.

Thank you to the observers who trained before the June Primary. We are grateful for your contributions, and hope you will return in the Fall. Though you are always welcome and strongly encouraged to attend a training as a refresher, you are not required to do so. All you need to do is to let your County Coordinator know you're ready.

If you did not train in the Spring:

**Whether you are an experienced or a first-time would-be observer, you must complete the 3-step signup process in order to train and observe with us in the Fall.**

1. Go to [www.eip-ca.com/volunteer/](http://www.eip-ca.com/volunteer/) and fill out the online form.
2. After you submit step 1, you will be given a new page with 2 documents to download, fill out and print. Do it right away.
3. Get those two completed documents in the mail to the provided address right away. **The deadline is mere days away. (PLEASE postmark by August 31)**

**We are not able to process late paperwork, and we do not want to miss a single one of you.**

Follow the three easy steps above—set a goal to get it done well before the end of this week.

Never doubt—when the election activities begin, we will be watching. The EYES, yours and ours, have it!
