

EVERY LAWFULLY CAST VOTE ACCURATELY COUNTED

## **Election Integrity Project California, Inc.**

**“As Goes California, So Goes the Nation”**

**Now is the time to work together to change the course of California!**

September 18, 2017

Dear Fellow Californian,

For the past seven years, Election Integrity Project, Inc. (EIP), now ***Election Integrity Project California, Inc. (EIPCa)***, the latter a 501(c)(3) California public benefit nonprofit corporation, has been investigating and documenting statewide election corruption and fraud in California.

Today EIPCa is pleased to announce that ***Landmark Legal Foundation***, a public interest law firm, has joined EIPCa as a legal partner to review the evidence gathered by approximately 7,000 EIP/EIPCa trained Observers and the EIPCa Data Research Team with a view to permitting EIPCa to aggressively pursue further actions as warranted.

EIPCa is also pleased to report that ***Judicial Watch***, which recently established an attorney/client relationship with EIPCa in the fight to hold California accountable for following federal voter roll list maintenance, sent a notice letter to the California Secretary of State and 11 California counties on behalf of EIPCa and other potential plaintiffs, stating, in pertinent part:

NVRA Section 8 requires states to conduct reasonable list maintenance so as to ***maintain an accurate record of eligible voters...***

Congress enacted Section 8 to protect the integrity of the electoral process. Allowing the names of ineligible voters to remain on the voting rolls harms the integrity of the electoral process and undermines voter confidence in the legitimacy of elections...

[The] letter serves as statutory notice that 21 registered voters, Election Integrity Project California, Inc. and Judicial Watch, Inc. will bring a lawsuit against [CA] and, if appropriate, against the counties named in[the] letter, if [CA] does not take specific actions to correct these violations of Section 8 within 90 days.

After seven years of hard work EIPCa has the documentation required to support the legal action referred to by the Judicial Watch notice, as well as additional action on issues beyond the Section 8 violation. **This means that EIPCa has what is required to expose every aspect of the corruption in California's election system.**

But, as all of us know, Freedom is not free! Legal actions must be funded. Only with your help we can expose the travesty of justice that our election process has become.

Together, not only can we return to California citizens their voice in government, but we can also restore their confidence in the electoral process by ensuring that every lawfully cast vote is counted accurately and **not diluted by unlawful votes.**

California's gain will be a gain for "We the People" of the entire United States. Why?

- Because California controls one fifth of the Electoral College votes required to win the presidency, the return of integrity to California's electoral system is crucial for the restoration of a Constitutional Republic.
- The orchestrated corruption and fraud being used to destroy election integrity in California is a blueprint of action poised to be employed against every state in the nation. Exposing it will necessarily bring down the "media blackout curtain" and cause a journalistic firestorm of investigation across the nation. Other states will be alerted and prepared to fend off the assault on their own electoral process that has assuredly already begun.
- Highly publicized legal action in California will change the narrative from "there is no vote fraud" to "voter fraud is the perfect crime" made possible through loopholes in state and federal law, corruption and simple mismanagement.

**YOU can be part of this great work** and help EIPCa to continue to expose and repair California's corrupt election process by making a substantial Tax Deductible contribution to EIPCa today.

With your help EIPCa will be able to meet its initial budget target of \$1million by November 1, 2017.
